## TOUR TYPES

### ESCORTED TOURS

We're known for our Escorted & Fully Inclusive Small Group Tours. Everything is organised in our air & land packages including international and domestic economy class airfares, any cruise or train tickets, quality accommodation, delicious local meals, air-conditioned transfers, professional English speaking local guides, all entrance and monument fees, tipping for your guides and drivers, and more.

One of the biggest benefits of travelling on an Escorted Tour, is the personal and attentive service you receive from our guides. Depending on group size you may also have an escort travelling from Australia.

You will also be travelling with other guests who share similar interests with you, helping you to make new friends along the way.

### SMALL GROUP TOURS

Our Small Group Tours are very similar to our Escorted Tours, however your group size will usually be smaller (under 16 travellers) with Local Guides in each destination.

### SEMI-INDEPENDENT TOURS

If you would like a little more independence or would just prefer not to have everything included, our modular tours would be perfect for you.

- A combination of day tours, accommodation & transportation.

You may need to meet at a dedicated pick-up point or be dropped in a central area to make your own way home.

This allows you to see the best sights in our fantastic destinations, whilst giving you extra freedom to explore on your own.

- Budget friendly, you can choose your own methods of transportation, make your own way to hotels, or decide where to eat.
- You could even pick from our range of Excursions to make your own tour.

Although they look like a tour, our Semi-Independent Tours actually operate on an independent basis, which means you could be with different people & guides each day, due to their size capabilities, which offer competitive pricing with maximum flexibility.

It's important to check all the inclusions and exclusions for each of these tours as they will vary a lot, depending on the location.

## **TAILOR-MADE (FIT) TOURS**

If our tours don't have what you want, we can customise an itinerary that meets your needs.

Whether you are making arrangements for school groups or families, or have a club with special interests (Craft enthusiasts or Foodies, we're looking at you.), our friendly Travel Consultants are here to help.

Our Tailor Made Tours can be organised in whichever way you want, allowing you the freedom to choose the style and budget that suits you the most.

## **TOUR OPTIONS**

### **SMALL GROUP SIZES, GUARANTEED DEPARTURES & SOLO TRAVELLERS**

We guarantee a majority of our tours will depart with a minimum of two travellers (excluding our best-selling Cherry Blossom & Garden).

This allows you to travel at the time that suits you best, regardless of the season's popularity. Popular departure dates generally have group sizes of four to eight people, depending on the destination, allowing you an intimate, personalised experience.

Our Single Supplements are the extra costs required for a solo traveller to stay in twin-share accommodation. We do our best to keep these additional costs as affordable as possible.

### **PROFESSIONAL DESTINATION GUIDES**

One of the best benefits of touring with MW Tours is the fantastic local and national guides who will take you on your journey.

Our experienced English-speaking guides handle your daily arrangements, from checking in at your fantastic accommodation to explaining the unique sights of the area. They have a wealth of knowledge and can provide you with a personal local experience.

### **TRANSPORTATION OPTIONS**

Travelling in comfort is essential for a pleasurable journey, so we only use full-service airlines. Once you arrive at your destination, you can enjoy travelling by quality local transport, from modern air-conditioned vehicles to high-speed rail, and even cable cars to mountain peaks.

### **THE LITTLE EXTRAS**

It's the little things that change your tour from enjoyable to extraordinary. Tipping is often a big worry for our clients, as it is often required in our destinations but not here at home.

By including it, we ensure our guides receive the correct remuneration for their incredible service (based on group size, tour duration, and more).

Before your journey, you will receive your final travel documents, including air tickets, detailed itinerary, accommodation details, and special destination information.

We'll also provide you with 24-hour local and overseas contacts. These contacts can be utilized at any time, so you can travel with us worry-free.

### **AUTHENTIC EXPERIENCES**

Our itineraries are designed to show you the best unique and authentic experiences. While we include all the popular must-see attractions and experiences, we also include lesser-known experiences such as the Face Changing Cultural Show or Sundowners in the Serengeti.

If there is something on your bucket list that isn't included in one of our tours, let us know.

We can tailor tours to suit your needs and always add on a pre or post stay to give you the best experience possible.

You could also add on a fantastic Pre or Post Excursion to experience more of a fantastic destination, or even a completely different place.

### **DELICIOUS LOCAL CUISINE**

One of the highlights of touring in a different country is the variety of traditional local cuisine on offer.

Breakfast is often a combination of Western and local food, usually served in a buffet style.

Our tours also include delicious local meals that allow you to taste a variety of the most popular foods in the region.

Your local guides will assist you in getting a table at the most authentic and quaint eateries, so you don't need to worry about availability at the best restaurants - often a concern on bigger tours.
